

New Project Partner Form

Thank you for your interest in a potential partnership with the Rohrer College of Business (RCB) Fellowship Program at Rowan University in which the brightest and best graduate students receive scholarship funding so they can devote their time to initiatives—just like yours—that impact society and benefit the greater good. Fellows utilize their prior experience, areas of interest, and the business-related skills they are developing in their MBA and MS Finance programs to best contribute to partner projects.

We look forward to hearing about your initiative, and we are here to help you develop it into a Social Impact Project (SIP) suitable for our Fellows. Filling out the form is the first step in the process. Your project does not need to be perfectly defined at this time. The form will help us get a feel for your organization and put us in touch with each other.

Please email your completed form to GraduateBusinessStudies@Rowan.edu. If you need any help along the way, please visit our [Project Partner FAQs](#) or send us an email, and we'll be happy to answer your questions directly.
