

# Senior Privilege Program

The Rohrer College of Business is delighted to encourage Rowan's strongest undergraduate business students to consider participating in the Senior Privilege Program.

## Benefits:

- Students can enroll in one graduate business course in the fall and another in their senior year of study.
- These courses can "double count" to satisfy Bachelor of Science requirements, and assuming students eventually pursue their MBA or MS Finance at Rowan, these same courses will also satisfy Graduate Degree requirements.
- Students will be charged the undergraduate tuition rates (as opposed to the graduate rate) for courses taken under the Senior Privilege Program.
- Students participating in the Senior Privilege Program gain a deeper understanding of the fit of a Masters degree with their career goals and prepare themselves for a shorter time to completion for a future pursuit of a Masters degree.

## Minimum Eligibility Requirements:

- Officially matriculated in an undergraduate academic program at Rowan University
- Officially earned at least 90 undergraduate credits
- Cumulative Rowan undergraduate grade point average (GPA) of at least 3.0
- Meet all of the required pre-requisites of the graduate course(s)
- In good financial and academic standing

If you are interested in pursuing this opportunity, your action steps include:

- Download the Senior Privilege Request Form (see reverse for sample content) at: [https://academics.rowan.edu/csm/departments/cs/advising/bs\\_cs/BSseniorRegRequest.pdf](https://academics.rowan.edu/csm/departments/cs/advising/bs_cs/BSseniorRegRequest.pdf)
- Gain approval from your Academic Advisor
- Gain approval from the Instructor of the graduate course
- Submit completed forms to [GraduateBusinessStudies@rowan.edu](mailto:GraduateBusinessStudies@rowan.edu) or 305E Business Hall (and this office will then forward to Rowan Global for processing the registration).
- Please note that Senior Privilege Program requests are approved on a first-come but space-available basis, and course registration is typically processed 3 weeks prior to course start dates. We suggest that you monitor the seat availability of your targeted course, and if fills to capacity, submit a revised form for a course with seat availability.
