

## **What is the Focus 2 Assessment?**

FOCUS 2 is an online, interactive career & education planning system that combines self-assessment, career exploration and decision making into one comprehensive program. FOCUS 2 can help students map out a career path and select the right major area of study offered at their school to support their career goals.

## **What will the program do for me?**

The FOCUS 2 System guides you through an interactive process enabling you to:

- Self-Assess your career related Work Interests, Values, Skills, Personality Type and Leisure Time Interests.
- Broaden your career horizon and discover career fields matching your personal attributes.
- Decide which career field and majors/training programs are best for you.
- Plan the career and educational pathway that will support your goals and personal needs.
